		<p>From #2472- #2556 Heslop has put 1948 on each of his negative envelopes. However, in his autobiography he says that he was at Cimarroncita in the summers of 1946 and 1947. He graduated from college in June 1948 and began work at the Deseret News that same month. he verified in a telephone conversation that he wasn't at Cimarroncita the summer of 1948, so we agreed to include this group from the summer 1947. I am suspicious that these really were taken in 1948.</p>
