					<p>According to Heslop, "the first 'message' photo was taken in 1959. Henry a. Smith, editor of the <i>Church News</i> asked me to illustrate a thought. I used two junior high students I knew." Even after his retirement, many of his photos were used. The photos are listed in random order.</p>	<p>These photographs always appeared on page 2 of the <i>Church News</i>, with an inspirational thought. There has been no attempt to match prints with negatives that were used taken and used for different purposes. The photographs are often artistic, showing interesting composition and patterns.</p>	<p>The dates of the photographs are all ca. because the dates that Heslop provided are the issue of the <i>Church News</i> where the "message" photograph appeared.</p>
